03

Mahsumaah Moto is a digital platform designed to modernize motorcycle workshop operations.

2025

The system helps workshops manage service orders, inspections, inventory, and customer records through a centralized dashboard.

Industries We Serve

GOVERNMENT & PUBLIC SECTOR

Supporting digital transformation initiatives, secure infrastructure, and compliance-driven technology solutions.

FINANCIAL SERVICES & ENTERPRISES

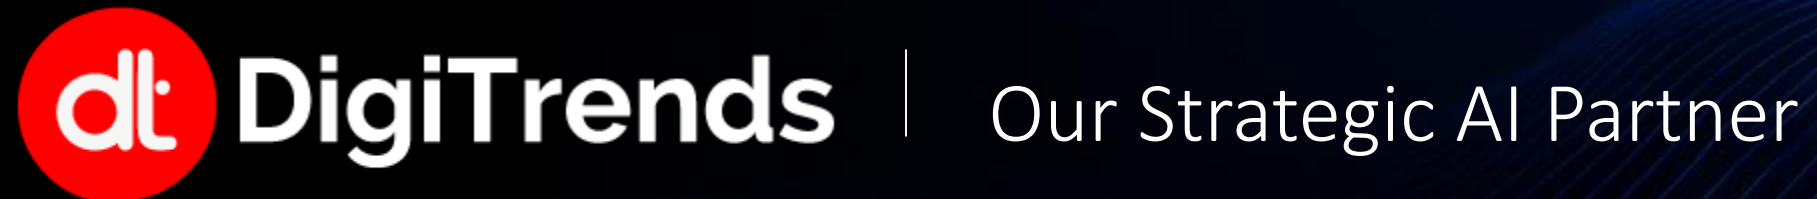

Providing secure IT systems, cloud solutions, and advanced cybersecurity for regulated industries.

TECHNOLOGY, LOGISTICS & SMART INFRASTRUCTURE

Developing scalable software platforms, AI-driven systems, and secure digital ecosystems for modern businesses.

Ai TRANSFORMATION CAPABILITIES

In collaboration with

AI Capability Segments

Enabling organizations to adopt AI with clarity, security,
and measurable business impact.

AI Centre of Excellence

A strategic framework to identify, prioritize, and scale high-value AI initiatives.

Agentic AI

Task-driven AI agents that automate workflows, support decisions, and execute business processes.

Generative AI

Enterprise AI assistants that generate insights, summaries, responses, and knowledge-based outputs.

On-Prem Deployment

Secure AI infrastructure models for organizations requiring data control, privacy, and compliance.

AI Governance

Policies, controls, and frameworks for responsible, secure, and accountable AI adoption.

A consulting-led framework to help organizations identify, prioritize, validate, and scale AI initiatives.

Key Support

- AI strategy workshops
- Use case discovery
- PoC prioritization
- AI sandbox planning
- Production roadmap
- Business impact measurement

Agentic AI

Task-driven AI agents that can understand context, perform actions, support workflows, and assist decision-making.

01 Intelligent business agents

02 Workflow automation

03 Human-in-the-loop approvals

04 Data-driven task execution

05 Multi-system integrations

06 Operational decision support

Generative AI

AI solutions that generate insights, summaries, responses, documents, and contextual recommendations from enterprise knowledge.

01 Conversational AI assistants

02 Document intelligence

03 Knowledge-base search

04 Policy and SOP assistance

05 Report generation

06 Multilingual response support

DigiSight

SharePoint AI assistant,
designed specifically for
enterprises

01 INSTANT SEARCH

Enables ultra-fast retrieval of any file, document, or insight across your entire SharePoint workspace.

02 SMART SUMMARIES

Converts lengthy documents into clear, actionable summaries within seconds.

03 DOCUMENT INSIGHTS

Analyzes and compares documents to provide citations, differences, and structured insights instantly

04 ONE PROMPT ACTIONS

Automates routine tasks, emails, draft, reports, and requests at the press of a single button

05 SEAMLESS INTEGRATIONS

Connects effortlessly with CRM and communication tools like Hubspot, Teams, and Zoom to streamline workflows.

Deployment Options

Secure AI deployment models for organizations that require data privacy, regulatory control, and local infrastructure.

- On-premise AI architecture
- Private cloud deployment
- Local LLM infrastructure
- Secure API gateways
- Controlled data access
- Enterprise data protection

**ON-PREMISES FOR
ENTERPRISES & GOVERNMENTS**

PRIVATE CLOUD (AWS)

HYBRID MODEL

AI Governance

Frameworks that help organizations adopt AI responsibly, securely, and with measurable accountability.

Key Capabilities

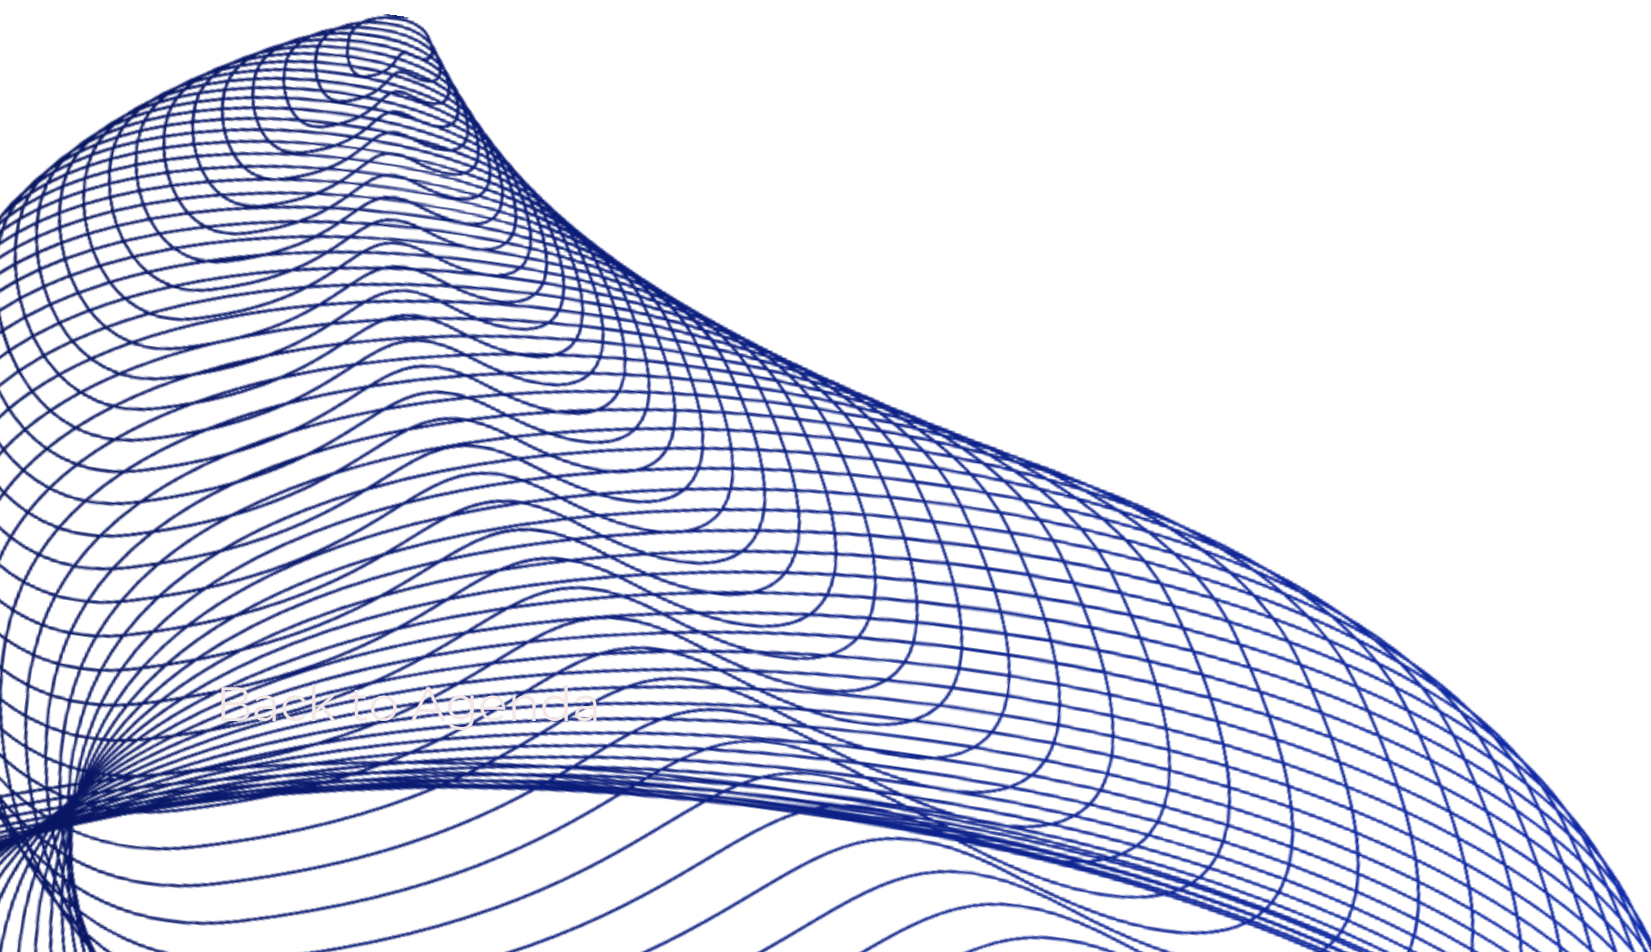

- AI usage policies
- Data privacy controls
- Risk classification
- Approval workflows
- Audit and monitoring
- Responsible AI guidelines

Vision 2030

**National Cybersecurity
Authority (NCA)**

**AI & Digital Economy
Initiative**

Why Choose Us

We combine deep technical expertise with a strong focus on security, compliance, and scalable digital solutions to help organizations transform with confidence.

01

Regulation-First Approach

Our solutions are designed to meet strict regulatory standards, ensuring security, compliance, and long-term operational stability.

02

Scalable & Secure Solutions

Our platforms are built for reliability, scalability, and performance, supporting organizations as they grow and evolve.

03

Trusted Strategic Partner

We work closely with our clients to deliver tailored solutions that create measurable business impact.

National Alignment

Supporting the Kingdom's strategy to build a diversified, technology-driven economy through digital transformation and innovation.

Ensuring systems follow national cybersecurity controls, data protection standards, and secure infrastructure practices.

Contributing to the adoption of artificial intelligence, automation, and advanced software platforms across industries.
